Asian American Health in the United States and U.S. Territories

Welcome to “Asian American Health in the United States and U.S. Territories: A Pathfinder to Resources” from the Office of Minority Health (OMH) Knowledge Center. This pathfinder walks users through some key articles, reports, and other resources that touch upon diseases, social determinants of health, racial justice, and other important topics. Please see the additional pathfinders that directly relate to other racial minority groups.

These selections may be helpful to:
- Researchers
- Clinicians
- Public health practitioners
- Advocates
- Instructors
- Students
- Others working to improve the health of Asian Americans

This pathfinder can be used to support research or instructional activities in classrooms, libraries, health fairs, and community health worker programs.

The OMH Knowledge Center is the largest dedicated repository of health disparities information in the nation, with a collection of more than 70,000 articles, reports, books, journals, organizations, and multimedia resources related to the health status of racial and ethnic minority populations. The collection also includes sources on consumer health material in more than 40 languages.

To locate additional materials, search the online library catalog at: https://minorityhealth.hhs.gov/opac.
